

ANNOUNCEMENT

Online BMP 101 – Introduction to Storm Water Management May 3, 2021

Registration now open: www.altitudeta.com

The Online BMP 101 (Montana) is an introductory program focused on the installation and maintenance of Best Management Practices (BMP) to control erosion and sedimentation on construction sites. This course meets the **prerequisite** requirement to become a certified SWPPP Administrator/Preparer. A discount is offered when the BMP 101 and the BMP 201 classes are taken together.

COST: \$200/person (if taken together with the BMP 201, total cost for the 2 classes is \$450).

This class is an instructor led, live **online class** and will include a presentation from the Montana DEQ. The class will run from 8am to approximately 4pm. You will need a computer with camera and microphone. Please log into the class a few minutes early so we can resolve any technical issues. A meeting invitation will be sent about a week before the program to those who register. Please feel free to contact Scott Olson with any questions. We can also schedule a test of the platform ahead of time.
