

ANNOUNCEMENT

In Person CETC 150 Stormwater Management & Erosion Control (SMEC)

Grand Junction, CO

September 27, 2022

Registration & Payment: www.altitudeta.com

The SMEC class is a one day introductory program focused on the installation and maintenance of Control Measures for erosion and sedimentation on construction sites and covers the requirements of the construction stormwater permit. This is an excellent class to build your knowledge of permitting requirements and control measures to protect water quality. This course is the prerequisite requirement for the Qualified Stormwater Manager (QSM) certification program. Note: this is the classroom only portion.

TIME: 8am – 4:30pm
