

ANNOUNCEMENT

One Day Online vc CETC 150 Stormwater Management & Erosion Control (SMEC)

FEBRUARY 8, 2024

Registration & Payment: www.altitudeta.com

This online SMEC class is a one day introductory program focused on the installation and maintenance of Control Measures on construction sites and covers the requirements of the construction stormwater permit. The online platform used for this class is Zoom. The log in for the class is emailed to those registered 2 weeks before the class along with a link to download the student materials. This is an excellent class to build your knowledge of permitting requirements and control measures to protect water quality. This course is the prerequisite requirement for the Qualified Stormwater Manager (QSM) certification program. Note: this is the classroom only portion.

TIME: 8am – 4:30pm

COST: \$250/person
