

ANNOUNCEMENT

Online **vc** CETC 150 Stormwater Management & Erosion Control (SMEC)

February 6, 2025

Registration & Payment: www.altitudeta.com

The online SMEC class is a one-day introductory program focused on the installation and maintenance of Control Measures for erosion and sedimentation on construction sites and covers the requirements of the construction stormwater permit. This is an excellent class to build your knowledge of permitting requirements and control measures to protect water quality. This course is the prerequisite requirement for the Qualified Stormwater Manager (QSM).

Topics Covered

- The Stormwater Program permit requirements and Stormwater Management Plans (SWMPs).
- Types of Control Measures for specific conditions to control erosion and sedimentation.
- Installing and maintaining construction site Control Measures

TIME: 8am – 4:30pm

COST: \$250/person **CEUs: 8.0**
