

ANNOUNCEMENT

Online WQM 100 Construction Dewatering (half day)

New permit effective May 1, 2025!

April 22, 2025

www.altitudeta.com

This ½-day training course has been developed by Altitude Training Associates in conjunction with the Montana Department of Environmental Quality (DEQ) as guidance for personnel involved in construction dewatering operations. These dewatering operations include removing groundwater accumulations from excavations. The focus of the course is how to perform dewatering activities compliant with the Montana DEQ *General Permit for Construction Dewatering Activities* (CDGP) permitting conditions. The 2020 Construction Dewatering General Permit (CDGP) is scheduled to become effective May 1, 2025. **This class will include the changes expected in the new permit.**

COST: WQM 100 Construction Dewatering \$100/person

This class is instructor led, live online class. The class will run from 8am to approximately 12pm. You will need a computer with camera and microphone. Please log in a few minutes early so we can resolve any technical issues. A meeting invitation will be sent about a week before the program to those who register. Please feel free to contact Scott Olson with any questions.
