

ANNOUNCEMENT

***Hybrid Conducting Construction Stormwater Compliance Inspections**

Online June 24, 2026 8am-4:30pm
In Person June 25 , 2026 8am-12noon

***Pre-requisite applies. You must be a certified GEC Administrator or equivalent.**

CLASS DESCRIPTION

This **compliance inspector** class is a **hybrid** class meaning part of the class is online and part of it is in person. **Day 1 (June 24, 2026) is the classroom portion done online** over the Zoom platform and taught by Scott Olson. **Day 2 (June 25, 2026) is an in-person half day field trip** to multiple construction sites taught by City of Colorado Springs (COS) inspectors. If you want to learn how to conduct a compliance inspection, this class is for you. We will be using the inspection procedures used by the COS and the Water Quality Control Division (WQCD). The class is based in the Grading & Erosion Control requirements in the city and the construction general permit (CGP) for the state of Colorado. Class size is limited to 15 people.

Topics Covered

- The GEC & Colorado CGP permit requirements.
- How to evaluate a CSWMP for completeness and adequacy.
- How to inspect construction site Control Measures implemented to comply with permit conditions and prepare a report of findings.

COST: \$200/person

SPONSOR: City of Colorado Springs
